100+ Projects Completed

96+ Happy Clients

11+ Years Experience

5.0 Average Rating

Hello, I'm Shawon 👋

Passionate Full-Stack Developer and WordPress Designer & Developer specializing in modern websites, powerful web applications and custom digital solutions. From high-performance WordPress themes and plugins to scalable MERN Stack apps and tailored software, I turn ideas into reliable, user-friendly digital experiences. I work with clients across time zones and focus on clean, maintainable code that balances performance, functionality and user experience.

Professional Experience

WordPress Support Engineer
2024 — 2025

ThemeLooks.com

- Provided technical support and troubleshooting for WordPress themes and plugins.
- Assisted customers with website customization, performance optimization and bug fixes.
- Managed support tickets, ensuring timely responses and resolutions.
- Collaborated with developers to report and resolve product issues; created documentation and FAQs to improve user experience.

WordPress Developer
2022 — 2024

Magnatech Electromechanical LLC

- Assisted in the development and maintenance of WordPress websites.
- Collaborated with the team to troubleshoot and resolve issues.
- Participated in planning and implementation of website testing and quality assurance.
